

Free Flight in brief.

1st Inter-Club Comp. of the season.

Organising these inter-club competitions isn't as easy as it looks. But with Ken Norton's expert guidance and the redoubtable Harry Perkins (Mr Electric Bowden), I might have just got away with it!

Despite the Kamikaze conditions a good turnout from Peterboro', Cleemac and Grantham competed through an ambitious programme of events. My thanks to everyone who turned up for being a forgiving bunch and special thanks to Brenda Norton and Diane Hibbert for all their help.

I've rushed out the results and a few pictures from a bright but very blustery Barkston.
