

PHANTOM “75” RACING

Celebrating over 75 Years of the Famous KK Phantom

A New Racing Competition Created by Peterborough MFC

A new postal and event competition for the famous Phantom Mk11

Model: Phantom Mk11 to plan. Wing can be set without incidence and rudder without offset. Flexible stranded heavy weight leadouts.

1,5cc Compression ignition, radial porting, iron/steel piston liner.

45' 012” stranded control lines from centre line of model to centre line of handle. (Note line length to help reduce pilot rotation speed)

Bellcrank mounted on bearers. 1 3/4” Spinner

Fuel Cut Out allowed but not mandatory. 2” Wheels ok on grass

Commercial I.C. Propellers only. BMFA number on inboard wing

50 lap race with one pit stop. Up to three races per team per event

Mandatory wrist strap for pilots and helmet for pitman

10 second count down to engine starting. No whipping other than one lap for take off and landing. All other rules as per BMFA C/L racing. Four events to be run in the 2025 season.

Four postal event race times to Brian Lever (blever@btinternet.com) within five days of the event taking place

Four location events to take place. 3 x SAM35 events plus 1 x BMFA Nats (yes really) all at Buckminster.

Best three times at seasons end to count towards Special “75” Trophies for First, Second and Third places.. Certificates awarded to every entrant. Fettle or new build. Questions? blever@btinternet.com or Tel: 01733 252416

Control Line Good Times are back! Come and give it a go and bring a youngster or two.
