

PHANTOM “75” RACING

Celebrating 75 Years of the Famous KK Phantom

A New Racing Competition Created by Peterborough MFC

A new postal and event competition for the famous Phantom Mk11

Model: Phantom Mk11 to plan. Wing can be set without incidence and rudder without offset. Flexible stranded heavy weight leadouts

Rules: 1.5cc steel liner motors plain or single ball bearing.

45’ 012” stranded control lines from centre line of model to centre line of handle. (Note line length to help reduce pilot rotation speed)

Bellcrank mounted on bearers. 1 3/4” Spinner

Fuel Cut Out allowed but not mandatory. 2” Racing Wheels

Commercial I.C. Propellers only. BMFA number on inboard wing

50 lap race with one pit stop. Up to three races per team per event

Mandatory wrist strap for pilots and helmet for pitman

10 second count down to engine starting for League 1 (one up) and League 2 (two up). No whipping other than one lap for take off and landing. All other rules as per BMFA C/L racing.

Six events to be run in the 2023 season

Six postal event race times to Brian Lever (blever@btinternet.com) within five days of the event taking place

Six location events to take place. Three at Old Warden, 13/14 May, 22/23 July, 16/17 September. Three at Buckminster 15/16 April, 23/24/25 June, 14/15 October

Best three times to count towards Special “75” Trophies for First, Second and Third Places in each league. Certificates awarded to every entrant. League 2 winners receive tuned PAW 1.5cc single ball raced motor from the Brian Lever collection. Fettle or new build. Good times are back. Questions? blever@btinternet.com or Tel: 01733 252416 Good Luck!
